BOX CULVERT WIDENING ON NH ROUTE 113 IN TAMWORTH
ONE LANE TRAFFIC OVER BAKERS BROOK FOR SEVERAL WEEKS

The New Hampshire Department of Transportation announces work is scheduled to begin on Friday, January 6, 2006 on widening a box culvert over Bakers Brook on NH Route 113 in Tamworth.

This project will require single lane traffic until its anticipated completion by the end of March. Concrete barriers and stop signs will be used to guide motorists through the work zone.
